Then I will make the calls and get back to you. I will call Mr. Purvis first as they have the largest number of people and as far as TCEQ, is Dani the only to call?

Vince came by and we chatted about the cancellation - he said he is available next week (holiday Mon.)- he has changed his flight to Thurs. rather than cancel - do you want me to see if this is a good day for the City and Commissioner?

Done! Spoke with Mr. Purvis and he will contact all the other City people - assured him we would be in touch to reschedule.

Take care.

City of Midland Water contact

I would really appreciate it if you could let Midland know. This is the email from Mr. Purvis and his info. I don't have anything for Ms. Sharp or Mr. Johnston, just in case Mr. Purvis can't be contacted.

I'm stuck in the house. I can't get out of my alley. The thing iced over and neighbors, or at least their cars "met".

We'll try the meeting again. It might be nice next week, if they have a preference.

Thanks
